

A watch

No water-proof. Gold color edge. steel struct chains

- Fragile
- Expensive
- firm
- Easy to be affected
- luxurious.
- Can't stop the invade of tears.
- high-end
- The decoration of plain appearance

Paragraph.

The heart of time runner bumped again.

With his feet step out one unit.

Every step is completely the same, since he will be discarded once he is not rigid enough.

Making out of steel, he think he's strong enough. Enough to bear any hit.

He think he's firm enough, enough to prevent himself from being affected by any thing.

He's so proud of himself, to the degree that decorate himself with golden edge.

At any place, he's always the most attracting one, which no one could ignore the exist of him.

But he knows, always knows that he's fragile. For he's not waterproof.

He can't refuse the invade of tears at all.
